

ECR 8200S ELECTRONIC CASH REGISTER

Olivetti ECR 8200S is a new professional cash register suitable for the retail market. Thanks to its programmable keyboard and overall SW performance, it can also be used in the hospitality sector. It is equipped with an innovative graphical operator display with 8 lines that allows easy-to-use programming and shows every transaction clearly.

With its flexible HW configuration this model offers superior operating versatility. The ECR 8200S is able to interact with a PC for programming and downloading reports, and it can be connected to a practical barcode scanner for quick and easy item registration.

Moreover, you can use an additional SD memory to increase the electronic journal storage size and to make a programming back-up.

ECR 8200S is equipped with a strong and roomy metallic drawer that can be separated from the rest of the machine.

The SW performance is top-level: up to 3000 PLU, 99 departments and 10 departments group, 9 payment methods, 15 clerks, hospitality features, ABR (Automatic Business Receipt) and extra invoice handling, PLU pop list and PLU Stock control.

The possibility to program up to 5 different scrolling courtesy messages and its elegant design make for a pleasant relationship between customer and operator.
